# CHÂTEAU RECOUGNE

Dynamic young winemaker Marc Milhade has transformed this estate, producing ripe and structured wines with engaging character

## Bordeaux Supérieur 2019

### Bordeaux, France

#### ESTATE

42 10 42

Château Recougne has produced wine for more than 400 years, and has been recognized for nearly as long for producing outstanding wine - its name is said to have come from King Henri IV in the early 17th century, in "recognition" of the quality of its wine. The Milhade family purchased the estate in the early 1950s, and Recougne has become their flagship estate, producing quintessential pure Bordeaux each vintage – classic "claret" in the best sense of the word. Robert M. Parker Jr. called Chateau Recougne "...the best Bordeaux Supérieur money can buy."

#### WINE

Today the wines are made by one of the young stars of the right bank, Marc Milhade - the fourth generation of his family to make wine at Recougne. Marc's philosophy and energy are directed primarily towards more work in the vineyard, and less intervention in the cellar.

### VINEYARD

*Soils:* Merlot is best suited to the gravelly clay terroir and is the majority planting here, comprising about 80% of the vineyard, complemented by equal parts of both Cabernets. Several vineyard parcels are over 50 years in age and much of the vineyard is planted at a high vine-density, contributing to the richness of the wine. The Milhades employ environmentally friendly viticultural techniques, and the vineyard is currently being converted to organic farming

#### WINEMAKING

Grape Varieties: 78% Merlot, 12% Cabernet Franc, 10% Cabernet Sauvignon

*Fermentation & Aging:* Selection is performed in the vineyard through green-harvesting, and the grapes are mostly destemmed, with 10-15% remaining as whole cluster for added structure. Fermentation takes place in traditional cement vats followed by 15 months aging in large vessels (no oak barrel) before bottling with minimal filtration. *Alcohol:* 14.5%

#### VINTAGE

Globally, 2019 was the warmest year on record. The winter of 2019 was mild, with limited rain and only three days of frost. Spring was mild and temperatures were near-normal for the season, with abundant rainfall at the end of April and again between June 5th and June 18th. Despite the rain, the vineyards remained in a very good state throughout the year. Temperatures remained unseasonably warm with little rainfall leading up to harvest, resulting in concentrated ripeness; the wines are described as having "harmony, balance and freshness" (James Suckling) with "rich fruits, concentration, and plenty of tannins" (Decanter).

Chateau Recongne

BORDEAUX SEPÉRIEUR

# **WINE ENTHUSIAST**

"This vineyard close to the city of Libourne produces a rich, generous wine. The tannins are fully integrated with the ripe structure and black-plum fruits." R.V 3/22

James Suckling
